Council Studies Closing Bylaw

A special meeting of Town Council was held on the evening of Tuesday, March 5th for the purpose of discussing the provisions of the Early Closing Bylaw No. 89.

Council was faced with a petition signed by a number of merchants requesting enforcement of the bylaw which would require all retail stores to keep the same hours.

Acting on the petition as recommended would have meant closing down stores that now provide after hours service Council feeling was that some service after hours is required but bogged down on defining the extent of service to be permitted.

A letter was also received from two businesses that now remain open after hours suggesting that a size definition be used to determine which stores might qualify to provide extra service.

The matter was discussed at considerable length by Council without arriving at a decision.

It was finally moved that first reading be given to Bylaw No. 403 to amend the Early Closing Bylaw as follows: "That any premises of an admeasurement of not more than 800 square feet of sales floor area and not more than 300 square feet of storage floor area be declared exempted from the named bylaw provisions for the sale of tobaccos, confections, magazines, groceries and sundries."

Most members of Council stated that the amendment as suggested failed to solve the problem but supported the first reading in order to get some action started on the question and in anticipation of hearing further proposals from local merchants.

Two more readings are required for the bylaw to be declared law.

Health Hints from THE CANADIAN MEDICAL ASSOCIATION

If a person gets a rash, or hay fever, or asthma, when he or she is near a horse, the treatment is obvious; stay away from horses. This is simple if the person hardly ever sees a horse. However, the problem becomes a little more serious if the patient is a jockey who is in constant contact with horses.

In such cases where an allergy is identified as one the patient cannot treat himself by avoiding the cause, the doctor will determine the severity of the allergy. If it's mild, then medical treatment with drugs and with desensitization by injections will minimize the symptoms and keep the condition under control.

Where an allergy has continued for some time, it is important to seek medical advice says The Canadian Medical Association. The doctor will take a careful history in order to determine, if possible, the factor or factors which may be responsible for the allergy. If he can determine the sources of the trouble he will, of course, try to eliminate it from the patient's environment

Some patients with allergies are cured, but many, especially those with a strong family history of eczema, hay fever or asthma, may have trouble from time to time. They may have trouble with skin, they may get hay fever, they may wheeze from time to time, and this may go on for years. However, these symptoms may be controlled by treatment prescribed by a doctor, or minimized by injections designed to desensitize that patient so he can withstand the irritating effect of substances which cause the allergies.

Humanizing Education Theme Recent Teachers' Convention

One of the more successful conventions attended by teachers of Stony Plain School Division concluded in the Macdonald Hotel in Edmonton on Friday, March 1st. The convention was attended by over 800 teachers from Barrhead, Lac Ste. Anne, St. Paul Westlock and Stony Plain School Divisions.

The theme of the convention "Humanizing Education", was brought into sharp focus at a general session the first morning, when Dr. H.A. Wallin, of the Center for the Study of Administration in Education, University of British Columbia, attacked what he called the 'institutional" nature of many schools. "In these schools, he said, "the students are the inmates, and the teachers are the keepers." He was critical of administrative practices which impose unneeded rules on both pupils and teachers, which tend to encourage conformity and playing for safety, and to discourage experiment and innovation.

In the principal luncheon address, Dr. Charles J. Brauner challenged the teachers to examine the aims of education In his opinion, in doing very well what they do best--that is training in skills, schools are preparing students to fit into pre-determined slots in the world of work while neglecting other values which, in the long run , have deeper implications for the life of the individual.

A highlight of the convention was a panel discussion by Dr. S.C.T. Clarke, Executive Secretary of the Alberta Teachers' Association; Miss Sybil Shack, a Winnipeg School Principal and president of the Canadian College of Teachers; Mr. Bruce Hogle, News and Public Affairs Director for C.F.R.N. T.V.; and Mr. J.K. Campbell, a prominent Edmonton businessman and first vice-president of the Edmonton Chamber of Commerce.

Stressing that education must be looked on as an investment, Dr. Clarke insisted that quality teaching, not costs, was the primary and proper concern of the schools and of the public. To this Miss Shack added that, for this end, teachers must be intelligent, well educated, gifted, and energetic. Mr. Hogle emphasized the need for teachers to be innovators and to become involved in social issues. Mr. Campbell, while recognizing the important role of teachers, cautioned them against excessive concentration on economic issues in their relations with the Trustees of their local Boards and with the public as a whole, and, like Mr. Hogle, he urged teachers to look to their public image.

Asserting that half of the present population of the world will die prematurely if nutritional needs are not met, Dr. Bentley, Dean of Agriculture at the University of Edmonton admonished teachers to be aware of and to accept their responsibility in the face of the growing population problem.

While advocating some form of population control, expecially in under-developed regions, Dr. Bentley saw some hope if the scientific knowledge and tools available to us were directed towards the improvement of agricultural practices around the world and for a more equitable distribution of resources, especially foodstuffs.

Speaking to a luncheon meeting of Trustees and School Administrators on Friday, the second day of the convention, the Minister of Education, Mr. Reirson, said that his government, while it recognizes that education rightfully occupies a priority in the public interest, does not think it has the sole claim on public revenues, and that some limitations on its claims to ever-larger shares on the provincial resources must be set. Introduced by Mr. Con Tchir of St. Paul, the Minister also requested the teachers to exercise "restraint" on their salary demands, although he insisted that teachers deserve a good day's pay for a good day's work.

The minister's address was followed by one by Dr. Gwynn Nettler, of the University of Alberta Sociology Department, who presented the administrators with some pointed observations arising from his wide knowledge and experience of institutions here and abroad, including that as a Canadian delegate to a world conference of criminology.

The convention is the last for the 2nd Edmonton District. Next spring, teachers of this area will belong to the newly organized North Central Edmonton Convention, which will include eleven locals of the Alberta Teachers' Association.

LODGEPOLE NEWS

The principal, Mr. Dave Yakimowich, and the members of the Lodgepole teaching staff, Mrs. D. Yakimowich, Mrs. Jane Zander, Mrs. Audrey Fagervold, Miss Carol Dykens, and Mr. Bob Gilbert attended the Alberta Teachers Convention held in Edmonton recently.

Mrs. Charlotte Kay of the Drayton Valley Junior High School also attended the Convention.

Deepest sympathy is extended to Mr. and Mrs. Harry Smith and family in the loss of their son, Harvey, who recently died in an Edmonton hospital as the result of injuries sustained in an accident early in the fall.

EVANSBURG

MRS. M. BRUNER,
Correspondent

Spring is still with us and it just doesn't feel right to be having such weather at this time of the year. The mild weather is also giving its share of trouble in the form of many frozen water lines and sewage disposal systems. It seems in these cases the colder the less trouble with freezing is experienced.

The Volunteer Firemen of the village held their annual dinner dance in the Legion Hall. A fair turnout of dancers were present for an evening of dancing and a delicious turkey supper later in the evening.

For the teens of the village a dance was sponsored by the Students Union at which everyone seemed to have had fun. The bonspiel planned by the students has still not come off because of the warm weather and the ice not being good.

The members of the 4-H Clubs have been quite active lately. Several of them went to the Council-sponsored bonspiel held at Stony Plain and then the same evening attended a public speaking class sponsored by the Department of Agriculture for all those interested. They also held their regular monthly meeting at the Mazeppa home this month.

The directors of the Credit Union met in the Audio Visual room of the High School for their regular meeting. Mr. Keast, president, showed a most interesting film about Credit Unions in the South Sea Islands. Future meetings will take place at the school at regular intervals and it is hoped more films will be available for showing to interested members.

Several members of the community met at the Entwistle Hall to have a pot luck supper and an evening of cards as well as wishing Mr. Morrison farewell.

Mr. Morrison, our District Agriculturist for the last couple couple of years is being transferred to High River where we wish him the best of luck.

The ratepayers' meeting held recently in the village hall was fairly well attended.

This bottle may not have travelled very far as the crow flies but it certainly took a while to get there. On May 8th, 1964, Mr. John Currat who resides in the Reno district south of Evansburg, put a sealed bottle in the Pembina River. In the bottle was a note with Mr. Currat's name and address on it.

At that time the river was quite high and swift as well as filled with much debris.

Just recently, Mr. Currat received a note from Ernest Hunt who lives ten miles south of Barrhead near the Belvedere Bridge. Mr. Hunt had found the bottle on June 14th, 1965, but had not answered the note until recently. The bottle had been washed up on a ledge of the Pembina River there after travelling for 13 months.

A small girl asked her mother to explain the word vice to her. Mother was a little taken back but explained that vice was being naughty.

"Why do you want to know, dear?" she asked.

"Well I was just elected vice-president of my class at school."

THE WORD OF FORGIVENESS - THE FIRST WORD FROM THE CROSS

By REV. ZEKE MARTIN

Among the first words of the public ministry of Jesus were those he spoke to the sick of the palsy, "Son they sins be forgiven thee" and in His death agony he cried to God for his cricifiers: "Father forgive them they know not what they do".

These words from the cross are the ultimate in love, and their importance cannot be too much stressed in our modern age. To forgive the sin of man, he who knew no sin became sin on our behalf, and bore in his own body the sins of men, of many men, of each of us. The only way God could solve this problem of sin was by the Incarnation, by the humiliation of Christ, by the agony in Gethsemane and by the Crucifixion on Calvary.

Our biggest problem today is forgiveness of our fellows and it is rather humiliating to our self-complacency to be told that the divine requirements have not been toned down for us. But how terrible is the failure to forgive others. The person who has an unforgiving spirit finds life a constant series of aggravating disappointments.

The unforgiving spirit dries up the springs of unselfishness within the heart, and the springs of love within the soul to such an extent that we no longer appreciate gentleness and high ideals in others. It leads us to think that everybody is trying to get the better of us, and draws us a long distance from God and from those who walk in fellowship with him.

Some times we would forgive more if we knew more about the other persons problems and difficulties and sorrows. Ezekiel wrote in the Old Testament, "I sat where they sat". When you and I enter the life of another, we appreciate the problems that lie at another's door far better.

If we in the Lenten Season could realize how greatly we ourselves stand in need of forgiveness then we could forgive easier and more often those who have harmed us.

Letters to the Editor

To the Editor,
The Western Review

Dear Sir:

On looking through the Financial statement of the town of Drayton Valley for 1967 I read on Page 7, under paragraph 2 a Protection to Persons and Property: Pound 1,135.56.

If this is in connection with the dogs and money spent, I think it is high time, that the Town Council should issue a statement, as to how this money was spent on the dog owners behalf, as in my view last years arrangements were most unsatisfactory.

Yours faithfully,
Granny Waugh.

P.S. To dog owners for 1968 license tags may be obtained at the Town Hall.

Directors of the Holly Springs Community held their regular meeting at the Frank Babcock home recently.

The improvements to the road going north at the Styal corner were discussed. It was decided to send letters recommending this needed improvement to the MLA and the ID office.

The annual picnic was discussed and it was decided to hold it again this year as well as a bazaar. Last year this event was not held due to so many Centennial celebrations in the area. Sewing materials for the bazaar were given to those interested.

Mrs. E. Hutchinson was presented with a lovely desk set from the community for her many years of service to the club as secretary treasurer.

Cubs, Scouts Enjoy Supper

On February 22nd, approximately 80 Cubs, Scouts, Leaders and parents met at the Legion Hall for the annual Cub-Scout supper. Other years this was in the form of a bean supper but this year a very delicious pot luck meal was enjoyed by all.

Chairman for the evening was Mr. N. Aspeslet. Rev. Father Mackenzie asked grace and guest speaker was Mr. L. Clark of Sangudo. Mr. Clark spoke on the activities of the Scout Council.

After the supper the evening was rounded off with the showing of slides by our game warden, Mr. Dave Unger. Mr. Unger showed slides of Scout Winter camping at Pincher Creek as well as wild life pictures.

Thanks go to Mrs. Croft, Mrs. Davies and Mrs. Grassi who did the organizing and phoning for the event.

Pembina 4-H Clubs Selling SMV Signs

ZANE BRUNER,
Reporter.

Members of the Lobstick 4-H Beef Club and Pembina 4-H Field Crops Club met at the home of Mr. and Mrs. M. Mazeppa for their March meeting. Twelve members and ten adults were present. Two judges were also present to judge the members on their public speaking.

A discussion took place on the sale of SMV signs which the club are selling to farmers in the district. Each member is tomake a poster to advertise the sale of the signs. These posters will be judged and a trophy awarded by Mr. and Mrs. M. Bruner for the best poster. Much discussion took place in regard to entering a float in Edmonton again this year. The members are to bring ideas for a float and thematic display to the next meeting.

Scripts for the skit to be put on by the club at the rally were handed out to the members taking part and these members are to meet at the high school to practise some time soon.

After the business of the meeting was over, several of the members gave short prepared speeches. These were judged by Mr. R. Pugh and Mr. Bill Tuke and the winners were as follows: 1st Shirley Hutchinson, 2nd Ted Bruner; 3rd Zane Bruner; 4th Ken Mazeppa; 5th Mark Gerrard. Byron Brown and Walter Myschuk gave impromptu speeches.

The meeting was then adjourned and lunch was served. The next meeting is to be held at the Senior Payne home in Wildwood on April 11th.

Several of the club members went to the bonspiel in Stony Plain for curling with members of other 4-H clubs. These are being given through co-operation with the Department of Youth.

Oil Wives Mark Anniversary

Drayton Valley Oilwives celebrated their tenth birthday with the annual talent show in the Elks Hall on Monday, March 12th. A lovely fried chicken supper was served by the Elks.

There were 100 members present and 60 guests. Our members and guests came wearing "wedding apparel". Lois Pankewitz won the prize for the most beautiful bride and Marg Balen won for the the most comical outfit there.

The annual Oilwives paper, "The Flare" was sold in the form of a cookbook this year by Publicity Chairman Carol Gillis and her co-chairman Joan Erikson. The candles were lit on a birthday cake that decorated the head table while the Club sang "Happy Birthday Oilwives". The cake was raffled and won by Donna Kolodiazny.

Following dinner a brief business meeting was held. Oilwives members are to bring an old hat and dress next month or be fined 25¢. The next executive meeting will be held at the home of Jeanette Minor on April 2nd.

Drayton Valley Oilwives Club was chosen to have the best-run meeting in all of Canada which is quite an honor.

The evening's entertainment once again proved what a terific variety of talented members we have. These girls put on a tremendous show under the capable supervision of our program chairman Jeanette Minor. Dot Booker did a marvelous job as our M.C. for the evening.

The three carnival queen candidates were present and each performed and were judged by secret judges in the audience. The candidates running this year are Joan Swap who did a Broadway dance number, Carol McGaughey did some delightful cartooning, and Carole Kruger sang Chim-Chim Cheree from Mary Poppins. Get out and buy tickets to support your choice for queen.

YOUR CLOTHING CAN BURN

It may surprise you that this is so. True, we do have government regulations that to some extent control flammability of fabrics on the market, but even at that many of our common, everyday fabrics will burn readily.

The addition of special finishes often changes flammability--either increasing or decreasing it.

Some fabrics burn up while others melt and cling to the skin causing deep and severe burns. You should be familiar with which fabrics are more flammable than others.

Careful consideration should be given to the selection of children's clothing. Care must be taken where a person works over an open flame--such as with a gas stove--or where open radiants are used.

If your clothing should catch fire, wrap yourself in a blanket and roll on the ground or just plain roll on the ground. But do not run. This just fans the flame.

An excellent film called "Your Clothing Can Burn" is available through the Provincial Fire Commissioner. If you would like me to present this film to your group, let me know.

Thorsby Hornets Defeat Warriors

The Thorsby five downed the local Warriors 35-29 in a Pembina League High School basketball contest this past weekend to remain in contention for league honors. It was the Warriors first league loss after twelve straight league victories over a two-year period and again a Warrior win streak was ended at number thirteen.

The Thorsby team was full measure for their victory and if the local Warriors should lose to Winfield in their final league contest this Friday then Thorsby and Drayton would meet in a sudden death playoff the following Friday.

Friday nights contest was an excellent game played in Thorsby and the local Thorsby fans were well pleased with the outcome. Two truly fine basketball players Connelly and Kuzio proved a little too much for the FMHS team as they led their team to victory. The contest was in doubt all the way down to the last few minutes with Charles Swap and Doug Ibbotson keeping the Warriors in the contest offensively, otherwise the team was not shooting up to standard.

The FMHS Warriors will be able to bring their school the league honors for 1968 with a victory this Friday when they play the determined and a sometimes difficult team to overcome, from Winfield. It is hoped that not only the high school members but town residents will be out to cheer their local players to a possible second consecutive league championship.

Request Futile, but Good for Laugh

Bert Palmer thought he had heard all the "Help I'm Being Held" jokes until he began unwrapping license plates at Mobil Oil Limited this week.

Between two plates Bert found a note reading: "Help. I am being held prisoner at Fort Saskatchewan."

The license plates are manufactured by inmates of the Fort Saskatchewan Provincial Jail, one of whom couldn't resist the temptation. His message, however, was much enjoyed at the Mobil Oil Plant.

EVANSBURG Junior - Senior High Notes

By CECILE FAUSAK

The Evansburg Junior basketball teams met the Entwistle teams in two friendly games at the Entwistle School. Both Evansburg teams defeated their oponents. The girls' team won with a score of 17-4 and the boys with a score of 42-22.

Patty Law of Evansburg led the girls in scoring, and her brother Dale Law led the boys. The other members of the girls team who also played a good game were: Devie Manz, Fern Fausak, Beth Tucker, Bonnie Law, Angela Barakaskas and Sharon Uchidtz. A fine game was also played by the boys' team consisting of Allan Mazeppa, Dayton Gorseline, Keith Lorenz, Ron Raypold, Danny Lalonde and Edward Manz. The cheerleading squad may have helped them to win the victory.

We are all glad to have Mr. K. Jensen back on the teaching staff. He had taken over the coaching of the teams that Mr. Jeans and Mr. Simons so willingly did during his absence. Many thanks to them for the fine job they did.

On March 5th Mrs. Fred Brown was taken to hospital with a broken ankle. We all wish her a speedy recovery.

Mr. and Mrs. Peter Hruschak are visiting their son and daughter-in-law, Mr. and Mrs. Harry Hruschak for a week or so.

Mr. and Mrs. Jay Town and Mr. and Mrs. Leo Jensen wish to announce the arrival of another great-granddaughter, the proud parents are Mr. and Mrs. Gary Cherrington and the very happy grandparents are Mr. and Mrs. Fred Cherrington and Mr. and Mrs. Bernard Town. Darcy Cherrington is very happy now he has a wee baby sister Reta Hope. Reta was born in the Drayton Valley Hospital March 5th.

A local ratepayers meeting has been called by the representative of Dev. 1, L.I.D. 77, Mr. Ralph Tufty. The meeting is to be held in the Moon Lake Hall on March 14th at 8 p.m.

Mr. Earl Peter Jensen is in the General Hospital in Edmonton. We all wish him a speedy recovery.

Rebels - Maroons In "C" Play-off

The Drayton Valley Rebels have been inactive for ten days but they have their work cut out for them before the weekend is over. They face the young, spirited and speedy Camrose Maroons in a two-game, total point, home and home series in the Provincial Playdowns. The Rebels travel to Camrose for the opening game Thursday night and the second game of the series will be played at the Centennial Civic Centre on Sunday at 2 p.m.

The Rebels got by the preliminary round in the playdowns by defeating Vegreville 18-4 in a two game series while the Maroons qualified for this round by soundly trouncing Wainwright last weekend. The Camrose squad was the only team that the Rebels did not defeat at one time or another in the Central Alberta Hockey League competition during the past winter. This, however, is a brand new series and you can rest assured that the local Green and White team will not worry too much about past performance and no quarter will be asked for nor none given in the upcoming two games.

Thursday night's game in Camrose is of vital importance. If either team takes this one by a wide margin and brings a healthy point advantage into Sunday's game that team has a strangle hold on the series, however with a goal or two difference it would still be anybody's series. One way or another we can look forward to a terrific hockey game here Sunday afternoon.

At Sunday's game the results of the voting for best defenseman and most gentlemanly player for the 1967-68 hockey season will be announced. Also the Rebel player's choice as the "Most Valuable Rebel" will be announced. Make it a point to be on hand for this contest. It should be one of the keenest contested games that we have seen here this year.

BERRYMOOR

MRS. D. MARTIN
Correspondent

Mrs. Evelyn Haight spent a weekend at Rocky Mountain House where her husband is employed.

Mr. and Mrs. Andrew Wake who have been teaching at Lindale School left at the end of February to return to their native Australia. Their departure leaves the school short of teachers and we hope that replacements will be found soon.

The W.A. of the Berrymoor Pentecostal church held a meeting last Tuesday evening at the home of Mrs. Allan Martin. Most of the members were present. A number of topics were discussed.

A baby shower was held at the home of Mr. and Mrs. P. Harder for Mrs. Sam Tweedle and Mrs. Allan Bryant on Saturday evening. Both of these young women have recently become mothers and the various gifts were most appreciated.

Miss Mae Martin has been wearing a diamond, third finger left hand for some time now and we have been wondering how soon wedding bells would ring for her. Well, it is official now that the happy event will take place on Saturday, April 6th. Congratulations to you both, Mae and Gordon.

The annual meeting of the Lindale Hall Board was held over the weekend. Elected as new members were Bob Van Ember, Percy Laughlin, Lawrence Nixon, Norman Phillips and Tom Bijou. We would like to extend a vote of thanks to the retiring members for a job well done.

A St. Patrick's Dance will be held at the Lindale Hall on Friday, March 15th with Rossier's Orchestra supplying the music.

Linda Van Ember will be hostess for a Tupperware party on the afternoon of Wednesday March 6th. Mrs. Gladys Paul of Thorsby will be the demonstrator.

Bill Gilchrist was home over the weekend from his job at Slave Lake.

The lovely weather of the past couple of weeks seems too good to be true. But everyone is certainly enjoying it while it is with us anyway. March certainly came in like a lamb, and it is to be hoped that it doesn't go out like the proverbial lion.

Leprechauns Defeat Wabamun Team

For the third week in a row the Drayton Valley Hotel Leperchauns met the Wabamun Kings at the Centennial Civic Centre in Pee Wee hockey action. This time the Leperchauns took a 3-1 decision over the fast skating little Kings. The game was close all the way and a sound performance by Bert Duperron in the Drayton Hotel goal was instrumental in the victory for the Leperchauns.

Don Hennessey led the scoring for the Hotel team with two goals while Darcy Galvon got a single. Mike Goulet was the Wabamun marksman.

The Leperchauns play Mayerthorpe at the Civic Centre next Friday evening at 7 p.m. and may play again Saturday afternoon against a team to be decided later this week.

WRONG AGAIN

The crowd of urchins peered wide-eyed as they caught glimpses of the clowns inside the circus tent. A man who had been watching them walked up to the ticket-taker and said, "Let those boys in and count them as they pass."

As the last one filed through the gate, the attendant looked at the man and reported. "Sixteen, sir."

"Shucks," said the man, as he walked away. "Guessed wrong again."

Farmer - Conservationist

One area farmer who doesn't object to coyotes and birds of prey visiting his farm is Mr. Ken Badgerow of Carnwood. Mr. Badgerow welcomes them for their rodent control ability and recommends watching a coyote at work in a snow-covered field if anyone doubts their value in nature's control arrangement.

In the accompanying photo Mr. Badgerow is shown with two pet horned owls that lived on his farm a few years ago.

The birds, Maggie and Jiggs, had the run of the farm and came to his call and often flew into the house for meals. They were afraid of the cat but got along well with the family dog.

Mr. Badgerow says the birds were great company on the farm and sadly missed when they left.

PAINLESS PORKY

Most people who own dogs have or will at some time come face to face with the unpleasant task of extracting porcupine quills from the muzzle of their favorite canine. This is in the main a painful process both for the dog and his sympathetic master. We therefore offer this humane for formula.

Take a cup of ordinary vinegar and add one tablespoon of baking soda. Stir well. Sop this solution on all protruding parts of the quills. Wait ten minutes. Sop with the solution again. Wait another ten minutes. Then you should be able to remove the quills with ease and no pain.

Why does this formula work? Because porcupine quills are composed of lime and calcium and the acetic acid in the vinegar softens the lime, causing the quills to wilt and shrink in the flesh.

EATS LIKE A COW

Swans are a great help to man in keeping lake shores clear of bothersome weeds. A swan not only looks beautiful on the lake, but its intake of plant food per day is equal to that of a cow.
